Florida's population continues to grow and Ocala continues to attract new residents with it's natural beauty and it's lower cost of living with in the State of Florida. The community of Rollings Hills offers great value with it's larger than normal 1+ acre homesites. Developed in the 1970's, the community is one of the few left in the Ocala area offering 1+ acre lots. Simply put, Developer's today do not create communities with lots this size. New developments offer properties which are much smaller in size. Therefore, Rolling Hills with it's 1+ acre homesites should see greater demand and value as land is developed in the area. Now is a great time to purchase your lot and take advantage of today's market.
